And What Have You

By BOB CRAIG

We attended the annual summer convention of the West Texas Press Association in Brownwood this past weekend and if the publishers of the West Texas newspapers are any indication we would say that George McGovern is in for a rough time in West Texas.

If there was anybody there for McGovern they surely were keeping it quiet.

Among the other anti-McGovern jokes making the rounds at the meeting were the following bumper stickers:

"But Will Rogers never met McGovern."

"Don't Let Mc Govern."

"Elect Nixon. He Kept Us Out of Ireland."

Now that McGovern has kicked Tom Eagleton off the ticket and put his seventh choice, Sargeant Shriver on, it would appear that things should be looking up for the Democrats. Now if Shriver can figure out some way to kick McGovern off, the Democrats might even win in November.

One of the more popular forms of raising funds for different projects is that of selling chances on TV's, guns, radios and other items. We here at the Herald are always getting requests to run stories about such fund raising efforts. People nearly always seem surprised when we have to tell them that we can not run a story about such a lottery in the paper and that we can not even run a story about the winners.

Evidently this is a problem for a number of newspapers because we received the following bulletin from the Texas Press Association spelling out the rules on this:

In the Postal Manual, under Sec. 124-51 (Lotteries, Fraud, etc.) is the following regulation:

"Whoever knowingly deposits in the mail, or sends or delivers by mail: Any newspaper, circular, pamphlet, or publication of any kind containing any advertisement of any lottery, gift, enterprise, or scheme of any kind offering prizes dependent in whole or in part upon lot or chance, or containing any list of the prizes drawn or awarded by means of any such lottery, gift enterprise, or scheme, whether said list contains any part or all of such prizes, shall be fined not more than \$1,000 or imprisoned not more than two years, or both; and for any subsequent offense shall be imprisoned not more than five years."

We like to support worthy causes but as you can understand, we have no desire to pay a \$1,000 fine or spend two years in jail for them.

Another one of those amusing pieces making the rounds of area newspapers is the one that a friend of ours at Iowa Park, publisher Bob Hamilton, had about the farmers fighting back against some of the absurd rulings of the federal government.

"Step on some toes, and if they are worth anything they will step back. That's just what the farmers are doing, publicity wise.

"The farmers have been catching it for using government-approved chemicals in order to feed this hungry nation of ours. And then they're catching it for raising tobacco, which the government pays them to raise and then advertises the product to be harmful.

"An article in the Kentucky Farmer magazine now has struck back about the government's big thing about dire physical afflictions from eating of eggs. With tongue in cheek, the article says in part:

"Pickles will kill you. Every pickle

Nominee for House Seat Visits Hamlin

Elmer Martin, Democratic party nominee for State Representative, 61st District, was in Hamlin last week on his first study tour of the district's five counties.

The former Mitchell County Judge said he was visiting the communities of Jones, Taylor, Fisher, and Nolan Counties in a special effort to meet with individual citizens and learn what the people of the district are thinking.

"Mine is an informal swing through the district to become acquainted," Martin said. "It is important that I listen to the citizens whom I will represent in Austin. And I plan to visit this community often before and during my term as a State Representative.

"My every effort will be to truly represent our 61st district to the best interests of the citizens who work and live here — not for special interests and power lobbyists."

Martin of Colorado City was selected as 61st District State Representative nominee recently by Democratic Party Chairmen from the district's five counties.

night will be held Saturday evening with two intrasquad scrimmages. Bonds said that the activities will start at 7 p.m. with the introduction of players and staff and will be followed by a 30 minute scrimmage of the junior varsity and freshmen players intermingled. The varsity will be intermingled to make up two teams for the final 30 minute scrimmage.

The two teams will scrimmage Seymour here the following Friday (Aug. 25) and will travel to Knox City Sept. 1 for another scrimmage.

The Pipers will open the fall season here Friday, Sept. 8 with Rotan. Following the opener they will play at play at Clyde, Sept. 15; have an open date Sept. 22; and play at Colorado City, Sept. 29. The Homecoming game will be with Coahoma on Friday, Oct. 6 and the team will close out its non-conference schedule at Childress, Oct. 13.

The Pipers will host Winters for the conference opener Oct. 20, and then will play at Haskell,

Oct. 27; host Stamford, Nov. 3; travel to Ballinger, Nov. 10 and close of district play here with Anson, Nov. 17.

Five new coaches have joined the Piper staff this year with Dan Newberry being the only coach back from last year. New football coaches to be introduced to the fans at the "Meet the Piper" scrimmage Saturday are: David Bonds, head coach and athletic director who moved here from Alice; Russell Merket who also moved here from Alice will also be girls basketball coach; Thomas Dechairo, who moved here from Rotan, and will also be boys basketball coach; David Watson, who moved here from Wylie (near Dallas); and Bill Grissom, who moved here from Floydada and will also be track coach.

Ticket Sales For Season Start Monday

Football tickets for the Hamlin Pied Piper home games will go on sale Monday, Aug. 21, in the principal's office at the high school, according to B. V. Newberry, principal.

All fans who have had tickets in the past years will be able to purchase these reserved seat tickets during the period of Aug. 21 through Friday, Sept. 1. After this period reserved tickets will be sold on a first come, first served basis.

Reserved seat tickets are \$2.00 at the gate, and \$1.50 a game if purchased in advance at one time for a total of \$7.50 for the five home games, Newberry said. Student general admission for pre-game tickets is 75 cents or \$1.00 at the gate. Pre-game reserve tickets are \$1.75. Adult general admission is \$1.50.

The five home games this year are: Rotan, Coahoma, Winters, Stamford and Anson. Newberry said that if those desiring tickets will contact the school office they will be held to be picked up at a later date. Call 576-3625 or 576-3624.

Admission prices for the 1972-73 football season were set by the District Executive Board and not by the local school board.

Mr. and Mrs. Edd Rodgers spent the past two weeks visiting in the home of their daughter and family. Mr. and Mrs. Eugene Riggs, Evan and Renee in Reynoldsburg, Ohio, near Columbus.

School Board Adopts Dress, Grooming Code

Dress and grooming guidelines for students were adopted for the coming school year by the Board of Trustees of the Hamlin Independent School District in their regular monthly meeting here Monday evening. The Board also gave final approval of the School Budget and Tax Roll.

In adopting the new dress code the school board stressed that the code is based on the principle that appearance is an important factor in developing and maintaining an attitude which is conducive to learning on the part of the student.

In general the guidelines are aimed at "unkept, unclean, sloppy, sloven, indiscreet, or immodest appearance," according to the policy statement issued by the board.

No one appeared before the School Board Monday for the Budget Hearing and the board gave final approval of the School Budget and Tax Roll for the coming year. The Tax Roll for the year shows valuations of \$24,739,003 which will raise \$371,085.04 at the \$1.50 rate.

The board also voted to advertise for bids on a number of pieces of surplus equipment, including two buses.

The complete text of the new dress and grooming guidelines for high school and junior high follow: The principals of each school will determine the final interpretation of the guidelines.

BOY'S GUIDELINES

1. Hair should be neat, clean, and well groomed (combed) at all times. Specifically:

a. Male students shall keep their hair neatly groomed and trimmed.

b. Hair should not obstruct vision.

c. Sideburns may extend to the bottoms of the ear and should be neatly trimmed. Sideburns should not be flared.

d. Male students shall not wear any unsightly hair styles.

e. Students should be clean shaven.

2. School clothing should be in good taste, clean, neat, and styled for school wear. Specifically:

a. Shirts tailored for wearing inside the trousers should be worn inside the trousers at all times. No muscle, see-through, or under-shirt type shirts may be worn as outside apparel.

b. Shirts, or pants with any writing, printing, pictures, or emblems on them should not be worn. The exception here would be an imprinted school name or seal on appropriate shirts.

c. Socks must be worn at all times. Type of shoe should be in good taste; and if boots are

worn, pants must come down over the boots. Shoes must be worn at all times; bare feet are not acceptable. Shoes with cleats are not acceptable.

GIRLS GUIDELINES

1. Hair should be neat, well groomed. Length of hair may be stylish, but extremes should be avoided.

2. The same regulations apply to girls' wearing apparel previously mentioned in boys' regulation in paragraph 2b. Blouses' made for inside-the-skirt-wear should be tucked in at all times.

3. Skirt length may be stylish, but not "mini". Here again please use discrimination and good taste. The suggested length is not shorter than the middle of the thigh.

4. Pant dresses and culottes may be worn so long as the length is skirt length, and the appearance is of skirt rather than of shorts. This appearance should hold true whether the view is from front or back. Any apparel of the "attention getting nature" should be avoided.

5. Girls may wear coordinated pants suits, gouchou pants, and pants and over-bouse (tunic) combinations to school. The pant wear should be neat, attractive, and in good taste. Girls' blue jeans are acceptable if they are neat, hemmed, and not too tight. No T-shirts, tank tops, or other tight-fitting blouses should be worn. Pants should fit properly, that is not sloppy or too tight. No extreme hip-huggers, shorts, scooter skirts, or hot pants may be worn to school. No halter type blouses or dress and no dress or blouse that exposes either back or mid-section will be worn. No backless or extreme "V" lines for dresses or blouses will be allowed.

6. Sandals may be worn in the appropriate season. Discrimination in the type of sandal should keep the style in good taste. No slide thongs, or beach-type wear should be worn. Shoes must be worn at all times, bare feet are not acceptable. Shoes with cleats are not acceptable.

First maize of the 1952 crop in the area was brought to Hamlin Friday by a farmer of the Plainview Community, east of town.

Philosopher Takes Non-Progressive Look

At Plan to Explore Earth's Inner Depths

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One may be getting in the way of progress again, his letter this week indicates.

Dear editor:

Although it hasn't been established how high up a man owns space above his land, it is generally conceded that he owns as far down as you can go; however an item I read in a newspaper last night may unloose a legal bag of worms on that point that even the Supreme Court won't be able to handle.

According to this item, scientists, I suppose maybe having discovered that once you get a hundred thousand miles out in space, going any further is about as fascinating as adding another story on a hundred-story building, are now turning their thoughts to inside of the earth.

They want to see how far down they can go, to see what's down there, bring back rock samples, that sort of thing.

This is all right with me, a man can spend his time like he pleases, even devote his entire life to playing chess, so long as it's him doing it and not me, but here's the situation: if these earth-digging scientists go far enough down they're going to be

trespassing on everybody in the world who owns as much as one city lot.

If a man owns everything under his land, all the way down to the center of the globe, then what he owns is a piece of the earth shaped like a pyramid turned upside down, and naturally at the very center everybody's land narrows down to something less than needle-point size.

This invites some of the worst squabbling the world has ever seen.

Say for example oil is discovered right at the center. Who could figure out what share

goes to what individual, what share to what nation? Or say there's molten gold there and if everybody could get his share he'd never have to work again, or if it was divided among everybody nobody would ever have to work again?

There are times when it can be argued that it's a pity the earth isn't flat and that Columbus didn't sail off the edge of it as he was warned instead of discovering America. At least it sure would have saved us a lot of money in foreign aid, foreign wars, etc.

Yours faithfully,
J. A.

OUR USE OF LEISURE

None of us can make our best contribution to life unless we take care of our physical selves. The right kind of recreation renews the body, mind, and spirit.

There should be a proper balance and rhythm between work and rest.

Our Lord meant for us to enjoy life and intended no man to punish his body with unrelieved work.

Of course our recreation should be of a kind that would actually re-create our spirits and bodies and make us better able to perform our work.

Part of our leisure time should be spent renewing our spirit by worshipping God in His Church. We invite you to attend services this week.

"But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run and not be weary; and they shall walk and not faint." Isaiah 40:31.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

School District Sets New Free Lunch Policy Guides

B. V. Newberry, authorized representative for the National School Lunch Program, today announced a free and reduced price lunch policy for Hamlin Independent School children unable to pay the full price.

Local School officials have adopted a family size and income scale to assist them in determining eligibility.

Families falling within these scales or those suffering from unusual circumstances or hardships are urged to apply for free or reduced price lunches for their children. They may do so by filling in the application forms sent home in a letter to parents or guardians. Additional copies are available at the principal's office in each of the schools. Applications may be submitted any time during the school year.

The form itself is simple to complete and requests information needed to determine economic need based on the income and number of persons in the family and any unusual circumstances or hardships which affect the family's ability to pay for school lunches.

The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the

policy the local principal of each school will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the local official he may make a request either orally or in writing for a hearing to appeal the decision.

Superintendent Bob Hawes, whose address is Box 338, Hamlin High School, Phone Number 915-576-3322, has been designated as the Hearing official. Hearing procedures are outlined in the policy.

The policy also provides that there will be no identification or discrimination against any student unable to pay the full cost of a meal.

A complete copy of the policy is on file in the office of the Superintendent where it may be reviewed by any interested person.

Tri-County Co-op Offers New Service to Schools

The Hamlin School Districts are among the schools that are a part of the Tri-County Education Co-op through which plans are being finalized for the addition of many new services for the people being served. These are being made available to classroom teachers and their students through a new state plan for special education.

Schools in the counties of Jones, Stonewall and Fisher are part of the co-op, which emphasizes individualized instruction for those children who are eligible.

Eligible children are children between the ages of 3 and 21 who have difficulties in learning. Several new categories are included, the largest new addition being for those children with "language and or learning disabilities." These are children who have at least average intelligence but who have had difficulty in learning through the use of conventional teaching methods. These students need special training suited especially for their individual needs, and they work much better in a small group or one-to-one relationship.

Each student considered must have a thorough appraisal, including educational, sociological, physiological, and psychological. An educational plan must then be developed for his own individual needs.

SHORT WAVES

BY FRANK SHEARER

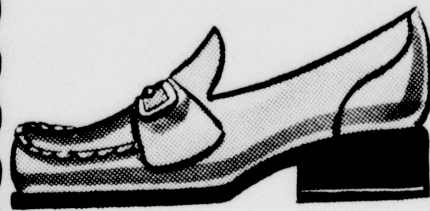

A class reunion is when old schoolmates get together to find out who's falling apart.

It's ironic that when a girl starves until she's slim, all the fellows want to take her out to dinner!

Child's definition of a grandmother: a nice lady who sits in a rocking chair by a fireplace and keeps your mother from yelling at you.

Buffet dinner: when the guests outnumber the chairs.

The best vacation weather occurs on the day before you went, and the day after you got back.
